## **DETAILED ACTION**

### ***Reasons For Allowance***

1. Claims 1-25 are allowed.
2. The following is an Examiner's statement of reasons for allowance:
3. The cited prior art taken alone or in combination fails to teach the claimed invention of a dynamic data exchange, as claimed by Applicant. Specifically, independent claims 1, 10, and 19 disclose an agent of the communication center operating a computerized workstation invokes a DDE-enabled scripting application containing a set of data topics, data items, and data commands, the set mappable to the common set of DDE data topics, data items, and data commands such that interaction through the scripting application enables dynamic data exchange with a CTI telephony suite having a set of data topics, data items, and data commands that are also mappable to the common set of DDE data topics, data items, and data commands.
4. The closest prior art of Forest<sup>1</sup> teaches a DDE gateway but fails to teach or suggest an agent of the communication center operating a computerized workstation invokes a DDE-enabled scripting application containing a set of data topics, data items, and data commands, the set mappable to the common set of DDE data topics, data items, and data commands such that interaction through the scripting application enables dynamic data exchange with a CTI telephony suite having a set of data topics,
